

Area 10 Announcing the Quarterly Wait List Meeting

Area 10 is committed to improving communication with our Wait List participants. We want to hear from you. We want to know how we can provide the best possible customer service to you. This is also an opportunity to meet members of our staff and community partners that will share information about resources for people on the Wait List. We want to share agency initiatives with you and answer your questions.

Please join the Area 10 Agency for Persons with Disabilities staff and community partners at our quarterly meeting for Individuals and Families of Individuals on our APD Wait List.
