

Area 10

First Quarterly Wait List Meeting

Area 10 is committed to improving communication with our Wait List participants. As this is our first meeting, we want to hear from you. We want to know how we can provide the best possible customer service to you. This is also an opportunity to meet our staff and learn of resources for people on the Wait List. We want to share agency initiatives with you and answer your questions.

Please join the Area 10 Agency for Persons with Disabilities staff at our first quarterly meeting for Individuals and Families of Individuals on our APD Wait List.
