

WSC ADVISORY #2017-027
IBUDGET SAN SYSTEM ENHANCEMENTS

ACTION REQUIRED

EFFECTIVE DATE: *JUNE 1, 2017*

Effective June 1, 2017, the iBudget SAN system will automatically populate rates on the SAN services screens based on the services being requested. This enhancement will allow for more efficient and accurate processing of SAN requests. WSCs will no longer have to look up rates manually when submitting SAN requests.

The WSC iBudget/SAN System Guide has been updated with this information starting on page 15 and is posted online at: <http://apd.myflorida.com/ibudget/users.htm>.
