

WSC ADVISORY #2025-010 AMENDED
ADULT DAY TRAINING AND PREVOCATIONAL SERVICES MONTHLY RATES
ACTION REQUIRED

EFFECTIVE DATE: OCTOBER 30, 2025

This is an update to WSC ADVISORY #2025-010: Please continue to utilize the current hourly service rates for Adult Day Training and Prevocational Services (Life Skills Development Levels 3 and 4) until further notice.

The Agency for Persons with Disabilities (APD) and the Agency for Healthcare Administration (AHCA) are working collaboratively to establish a monthly rate for Adult Day Training and Prevocational Services (Life Skills Development Levels 3 and 4) with an **anticipated implementation of October 31, 2025**.

The monthly rate will be utilized for clients who attend such services for at least 16 days during a calendar month. Providers will continue to use the hourly rates for clients who attend fewer than 16 days per month.

APD will notify Qualified Organizations (QOs) and Waiver Support Coordinators (WSCs) when the new rates are available in the iConnect system. At that time, WSCs will work with providers to update all service plans and authorizations for impacted clients and where the provider will be reimbursed at the new rate for services provided October 1, 2025, and forward.

Additional instructions will be forthcoming. For questions, please contact your Regional Waiver Liaison, click [here](#) for contact information, or email apd.wsc.advisories@apdcares.org.
