WSC ADVISORY #2019-013
iConnect eLearning Library

EFFECTIVE DATE: MARCH 15, 2019

As the APD iConnect system continues to expand and features become available, APD encourages Waiver Support Coordinators (WSCs) to utilize the iConnect eLearning Library. The iConnect eLearning Library is an online resource page, which is regularly updated with training modules, quick reference guides, and videos.

This week, APD posted a job aid entitled, "Adding Medical and Mental Health Diagnoses." This will assist WSCs in ensuring accuracy when using the system's diagnosis tab. WSCs are encouraged to review and use this information.

To access the iConnect eLearning Library, please CLICK HERE

Resources already available are:

- iConnect Training Manual
- iConnect Basics
- Overview of the Consumer Central Record
- WSC Interaction with Cost Plan and Budget
- WSC Interaction with Person-Centered Support Plan
