

WSC ADVISORY #2019-026
UPCOMING WEBINAR ON MULTI-DISCIPLINARY BEHAVIOR SERVICES

EFFECTIVE DATE: MAY 30, 2019

The Agency for Healthcare Administration (AHCA) will host a webinar for Waiver Support Coordinators (WSCs) regarding a new multi-disciplinary team (MDT) approach for authorizing behavior analysis services through the Medicaid program. **The webinar is scheduled for Friday, June 14th from 1:00pm - 2:00pm EST.**

AHCA will implement a multidisciplinary team (MDT) model for authorizing behavior analysis services through the Medicaid program, as a pilot only, effective July 1, 2019. The MDT model will be conducted by AHCA's Quality Improvement Organization (QIO) vendor, eQHealth Solutions. The MDT will be piloted in selected counties of the Northeast and Central Regions, including Baker, Clay, Duval, Flagler, Nassau, St. Johns, Volusia, Brevard, Orange, Osceola and Seminole.

WSCs serving clients in the listed counties are urged to join the training to better understand the impact of these changes for Florida Medicaid behavior analysis service authorization. WSCs in other counties may also join as these changes will rollout statewide in the future.
