

**WSC ADVISORY #2020-008**  
**CYBERSECURITY ALERT**

**ACTION REQUIRED**

**EFFECTIVE DATE: MARCH 13, 2020**

This advisory notifies all Waiver Support Coordinators to please be aware there is a malicious website masquerading as a COVID-19 global map. Visiting the website can or will infect the user's computer or device with serious malware.

One observed URL for the fake website is: "corona-virus-map[dot]com"

There may be others because the operators of the website might move it at will.

As always, please do not click on links in emails or in email attachments - particularly those themed as a Corona Virus Map. Also, avoid similar links on the internet.

More information may be found on the American Medical Association's website here:
