

**WSC ADVISORY #2020-044**  
**SIGNIFICANT ADDITIONAL NEEDS (SANs) TRAINING VIDEOS**

**ACTION REQUIRED**

**EFFECTIVE DATE: DECEMBER 4, 2020**

The Agency for Persons with Disabilities has been continuously updating the APD iConnect eLearning Library with resources as they become available. Recently, the WSC Library page was updated with the SANs Video eLearning Module. Four videos were uploaded, each one focusing on a specific section of the SANs system.

These are the four videos:

- Create SAN Request – Populate Consumer Budget
- Create Assessment – Add Supporting Documents
- Create WSC SAN Service – When to exclude SAN Services
- SAN Validation

APD strongly encourages all Waiver Support Coordinators and CDC+ Consultants to review these videos. These videos will review areas in which there continues to be issues with SANs submissions. Please use all training resources, video and written, when completing a SANs.

To access these videos, please [click here](#).

The screenshot shows the APD iConnect WSC Library page. At the top, there is a navigation menu with links for 'About Us', 'Locations', 'Providers', 'Customers', 'Waivers', and 'News'. The main content area is titled 'WSC Library- APD iConnect'. On the left, there is an 'Important Links' section with a list of links including 'APD iConnect', 'APD iConnect Centrifly', 'APD iConnect FAQ', 'APD iConnect Learning Resources', 'APD iConnect System Enhancements and Updates', 'Multifactor Authentication', 'Providers Library', and 'WSC Library'. Below this, there is a call to action: 'Be sure to check out the APD Blog by clicking below!'. The main content area includes a note: 'Note: Disconnect from VPN before proceeding with the modules below. VPN connection is not required for this part.' Below the note is a 'Manuals' section with a dropdown menu set to 'Introduction' and a 'GO' button. The 'eLearning Modules' section includes a list of modules, with 'SAN Videos' highlighted in a red box. The 'Documents' section is also visible at the bottom.
